

Εικ. 1.5

| Tectonic basins | Shelf/Slope/Rise | Arc | Oceanic | Rift | Continental crust |
|---------------------|----------------------------------|-----------------------------|-------------------------------|--------------------------------------|------------------------------|
| Foreland basin | Shelf neritic & paralic clastics | forearc sediments | Pelagic | Syn-rift sediments (mainly clastics) | Upper crust |
| Intraorogenic basin | Shelf carbonates | backarc sediments | Mixed sediments and volcanics | Rifted crust | Undifferentiated lower crust |
| Successor basin | shelf slope | intra-arc sediments | Crust, undifferentiated | | Undifferentiated |
| | | Mixed sediments & volcanics | | | |
| | | Plutonic | | | |
| | | Volcanic | | | |

| Overprints and special features | |
|---------------------------------|------------------------------------|
| ophiolite and ultramafic rocks | continent / ocean crustal boundary |

H1 - H9: tectono-stratigraphic terranes of the Hellenides

- ↗ Dip-slip faults
- ↘ Tertiary-Quaternary thrusting
- ↗ Alpine late orogenic extension
- ↘ Alpine thrusting
- ↗ Eo-alpine thrusting (J3-K1)
- ↘ Mesozoic rifting
- ↗ Variscan late orogenic extension
- ↘ Variscan thrusting
- ↗ Cadomian thrusting
- Strike-slip faults
- Tertiary and Quaternary
- Alpine
- Unspecified age
